

REMARKS

The Examiner is thanked for the Notice of Non-Compliance dated September 20, 2005. With regard to the amendment to the drawings to remove the carry lines of the first side of the device, it is believed that the amendments to the claims submitted on June 30, 2005 should obviate this drawing requirement. With regard to the other drawing objections set forth at the top of page 3 of the Official Action dated April 5, 2005, a Request for Approval of Drawing Correction and corrected drawings are submitted concurrently herewith.

In the event that there are any other issues relating to the application, the Examiner is respectfully urged to telephone the undersigned attorney so that prosecution of the application may be expedited.

Respectfully submitted,

BURNS, DOANE, SWECKER & MATHIS, L.L.P.
